BUDGET OVERVIEW

Transmittal Letter

Members of the Indianapolis-Marion County City-County Council –

I am honored to present to you the 2024 budget for the Consolidated City of Indianapolis and Marion County.

This 2024 budget is the seventh balanced budget introduced to the Council since 2010. Given the strong revenue growth in 2024, this budget continues major investments in public safety, community violence reduction, infrastructure, and neighborhoods while make prudent fiscal decisions.

The 2024 budget builds on programs to address the immediate and root causes of violent crime, including an additional \$1.35 million in crime fighting technology, additional staff in the Office of Corporation Counsel through a partnership with the US Attorney's Office to target gun crimes in Marion County, and additional staff in the Forensic Services Agency to assist in identifying linked gun crimes.

It features investment in community programs that help reduce the prevalence of homelessness, treat addiction, and address mental health challenges, including an additional million dollars to expand the Clinician Led Community Response team, the City's first team made up solely of mental health professionals to respond when residents experience mental health crises. And it contains \$4.5 million to make permanent the Group Violence Reduction Strategy (or "Peacemakers"), which was originally created with federal COVID stimulus funds.

At a time of housing insecurity for far too many residents, it allocates \$250,000 in continued funding for the Tenant Legal Assistance Project and the Eviction Avoidance Project with Indiana Legal Services.

The budget also features major infrastructure spending, part of the Mayor's 5-year infrastructure plan that reaches nearly \$1.2 billion. It invests more than \$325.7 million in roads, bridges, and greenways next year, and includes \$6.3 million in pedestrian safety improvements. Neighborhoods will receive an additional \$85 million in stormwater systems improvements.

I want to offer my thanks to our partners across all city departments and county agencies for their work on behalf of the people of Indianapolis. I look forward to a collaborative discussion with this fiscal body about the 2024 budget.

Sincerely,

Joe Hogsett

Mayor

Executive Summary

Budget Overview

The 2024 budget for the Consolidated City of Indianapolis, Marion County is the seventh balanced budget. Due to its strong fiscal policy and management, the City maintains the highest credit rating from Moody's Investor Services, Kroll Bond Rating Agency, and Fitch Ratings and one notch lower from S&P Global Ratings, all of which were reaffirmed in 2023. The 2024 budget increases investments across Indianapolis-Marion County to benefit residents and taxpayers, maintains positive fund balances, protects the Fiscal Stability fund, and continues to operate an efficient City-County government – without raising taxes or selling off assets.

Expenditures for 2024 are budgeted at \$1,561,420,993 and revenues are projected at \$1,561,484,936. As a result of strong revenue growth, this budget prioritizes critical investments in public safety, community violence reduction, infrastructure, and neighborhoods along with improvements in general government services. Further, this budget pays off existing debt, maintains the Fiscal Stability fund above \$80 million, and makes critical investments across the enterprise.

Budget Highlights

The 2024 budget is guided by the priorities of Mayor Joe Hogsett and the City-County Council. It keeps Indianapolis-Marion County on a path of strong fiscal stability while making strategic investments in public safety, community violence reduction, infrastructure, neighborhoods, and economic development. The 2024 budget expands efforts in violence prevention from the 2023 budget and incorporates violence reduction programs previously funded with Federal COVID stimulus funds. This budget includes the following:

Public Health and Safety

- \$3.8 million for the Crime Guns Task Force, a Central Indiana partnership staffed by more than 35 officers, detectives, agents, analysts, and prosecutors focused on reducing gun violence by removing illegally possessed guns from the community
- Funding a fully staffed IMPD, which includes salary increase for first- and second-year officers to assist in recruiting efforts
- Funding for 1,270 firefighters, which includes budget for an expanded recruit class to begin in January 2024
- 3 Special Assistant US Attorney positions located in the Office of Corporation Counsel to focus on investigating and prosecuting gun crimes in Marion County
- Significant technology investments for the Indianapolis Metropolitan Police Department, which include
 - 150 additional license plate readers
 - 50 additional public safety cameras
 - 750 dash cameras
- Expansion of the auxiliary pilot program to train 30 additional officers and ensure 24/7 coverage across Marion County

Violence Prevention

- An additional \$1.8 million to complete the transition to 24-hour, 60-bed availability at the Assessment and Intervention Center
- An additional million dollars to expand the Clinician Led Community Response team, the City's first team of mental health professionals to respond when residents experience mental health crises
- Investment in community programs that help reduce the prevalence of homelessness, treat addiction, and address mental health challenges
- New and existing violence reduction and intervention initiatives managed by the Office of Public Health and Safety (OPHS), including the Witness Protection Program and the Group Violence Intervention program
- \$250,000 in continued funding for the Tenant Legal Assistance Project and the Eviction Avoidance Project with Indiana Legal Services
- Increasing funding for the Drug Free grant program, which is aimed at preventing and reducing the impact of substance use on crime, health, and individuals in our community
- Increased funding for community mental health centers operating in Marion County

Criminal Justice

- Additional funding to support recruitment and retention programs in the Marion County Sheriff's Office
- Additional funding for technological upgrades made at the Community Justice Center for the Marion Superior Courts and Marion County Sheriff's Office
- Additional attorneys and support staff required by the Public Defender Commission to address case standard changes in January 2024
- Additional staff to support a new Major Felony and two Family courts opened in 2023 in both the Public Defender and Prosecutor's offices
- Additional staff for Forensics Services agency to support processing of forensic evidence and dedicated to connecting gun cartridges to various crime scenes nationally through the National Integrated Ballistic Information Network (NIBIN)

Infrastructure and Neighborhood Investments

- \$325.7 million for roads, bridges, and greenway improvements across Indianapolis neighborhoods in 2024, including \$6.3 million in pedestrian safety improvement
- \$85 million for storm water systems improvements across Indianapolis neighborhoods
- \$2.5 million for the Indy Achieves program to provide scholarships for Indianapolis residents pursuing a post-secondary degree or credential
- \$1.3 million for direct grants to more than 75 Indianapolis arts organizations including increased funding access for minority institutions
- An increase in maintenance funds for Indy parks to build on investment via Lilly Endowment grant funding, American Rescue Plan funds, and Circle City Forward funding

Capital and Equipment

- \$5.9 million for IMPD patrol vehicles
- \$7.2 million for IFD apparatuses
- \$6.1 million for Public Works equipment in solid waste, grounds maintenance, and fleet

Contractual Commitments

- Honors commitments made under labor agreements with the Fraternal Order of Police (FOP), International Association of Fire Fighters (IAFF), American Federation of State, County, & Municipal Employees (AFSCME), and 911 Dispatch

Submitted alongside the budget proposal, the fiscal package includes an additional \$25 million commitment to residential street maintenance and repair and \$2 million for alleyway repairs. For residential streets, this marks the third round of funding done through supplemental income tax and surplus fund balances that have allowed for significant investment in neighborhoods. The investment in alleyways is the first of its kind and the Administration has committed to a total of \$5 million in funding for this program over the next 3 years.

Finally, the budget makes two notable investments in promoting equity throughout the City-County government and to the services provided to citizens. First, this budget funds a disparity study through the Office of Minority and Women Business Development to identify barriers for XBE vendors in contracting with the City. Second, alongside this budget is a proposal for the creation of the Office of Equity, Belonging, and Inclusion, a new office of the Mayor. This new office will be tasked with all diversity, equity, and inclusion (DEI) initiatives for the City-County, both by training staff in these philosophies and reviewing the equitable allocation of public resources across Marion County.

Reserves and Fund Balances

The 2024 budget is balanced without relying on management reserves or fund balances since revenues are projected to exceed appropriations. The Office of Finance and Management (OFM) projects the City and County's budgeted funds will end 2024 with more than \$552 million in fund balance, which is largely influenced by the American Rescue Plan Act State and Local Fiscal Recovery funds, which make up approximately 36% of the balance. By balancing revenue and expenses, the 2024 budget maintains fund balances in accordance with the fund balance policy as outlined in the [Funds section](#) and provides City and County departments and agencies with sufficient appropriations to support operations with the assurance that reserves are available should unplanned events occur.

Revenues

For 2024, income tax is forecasted to be \$444 million, an increase of \$46 million. However, projections of future income tax distributions anticipate a decrease, therefore, the 2024 budget includes just \$19.5 million of the growth for a total income tax revenue budget of \$418 million. By budgeting a portion of the income tax growth, it ensures growth in the 2025 budget even if certified distributions decrease. Given the continued assessed value growth, although at a

slower pace compared to 2023, property tax revenue is forecasted at \$460 million, a \$25 million increase from the estimated \$435 million in 2023.

Economic Recovery – Stimulus Funding

The City is continuing to deploy Coronavirus State and Local Fiscal Recovery funds made available through the American Rescue Plan Act. The City and County's direct allocation is \$419 million, which has all been received. The Administration, in conjunction with the Council, has allocated funds to address important priorities including violence reduction, affordable housing, hunger, and homelessness, as well as economic and community development initiatives. These stimulus funds must be obligated by December 2024, so the Administration is in the process of evaluating the program efficacy to determine projects that should be continued at the close of the federal funding. The 2024 budget makes a \$4.5 million investment in continuing the gun violence reduction programming, which was originally funded through federal stimulus funds.

2024 Budget Process and Public Input

The 2024 budget is submitted to the City-County Council for review in August. Each agency and department present their budget to the appropriate [Council committee](#) throughout the months of August and September. Presentations discuss proposed changes to budgets and service levels, and addresses questions of equity regarding service delivery, use of City-County resources, and the compensation of staff.

A group of executive staff and city-county leaders across departments and municipal corporations developed Budgeting for Equity Questions in 2021 modeled on national best practices for municipal government budgeting. The topic of equity continued to prevail throughout the 2024 budget committee hearings. Specifically, Councilors focused on the use of certified XBE vendors and outreach to minority and woman owned businesses. For details of the 2024 budget hearings, Committee minutes are published on the [committee webpage](#).

Public input on the 2024 budget is offered at various times during the council review process. After each department presentation, there is an opportunity for public comment. Additionally, committee hearings are also broadcast across government access television and are available on the City-County website for review after the hearing. Finally, Indiana code IC 6-1.1-17-5 requires a public hearing to be held on the proposed budget, which gives residents an additional opportunity to comment on the budget. This hearing is held at the final full Council hearing prior to the budget passage, typically at the first Council meeting of October.

After the completion of agency budget presentations, each Council committee met for one final review of the budgets heard before their committee, known as review and analysis. This final hearing gives the Councilors another opportunity to ask any questions of an agency's budget and offer any budget amendments before voting to send the committee's section of the 2024 budget back to the full Council with a recommendation. Council adopted the 2024 budget on Monday, October 16, 2024 as submitted with no amendments.

Conclusion

The 2024 budget supports vital services that make the Consolidated City of Indianapolis, Marion County a great city. This budget demonstrates the Administration's commitment to fiscal stability and long-term financial planning, while also making continued investments in public safety, community violence reduction, infrastructure, and other forward-looking projects that will shape Indianapolis' future. Eliminating the structural deficit in 2017 and maintaining a balanced budget in the years following was accomplished by a commitment to hold spending, utilize innovative problem solving, and allocate revenue to benefit public safety, infrastructure, and neighborhood development. While challenges lay ahead, the financial plan presented in this budget serves all residents of Marion County and makes Indianapolis a great city to live, work, and play.

Strategic Goals

The formulation of an annual budget, at its core, is a strategic exercise. Although the budget is important for ensuring good financial management through expenditure control and planning, the most important function of the budget is to ensure resources are allocated to the priorities of the Administration.

The 2024 budget was developed with the five below priorities. The Executive Summary highlights the many programs and initiatives that were included in the budget. The following sections provide additional details about these priorities and the measures agencies and departments use to track the progress of these initiatives. The measures that were identified have been classified into the five key priorities.

The Office of Audit and Performance assists agencies and departments on identifying goals and measures through the Indy Performs program. The goals outlined below reflect the City's attempt to improve service delivery through data and will continue to evolve in future budgets through the Indy Performs program.

Fiscal Year Beginning January 1st	<u>Budget Management, Amendment, and Control Process</u> On a monthly basis, the fiscal officers of each department and the Office of Finance and Management review spend to date reports by department, fund and expenditure classification (character). These reports are submitted to the Council's Office and posted on the Office of Finance and Management's website. Any change request to a department's budget either increasing, decreasing or transferring appropriations by the fund or expenditure classification (character) level must be submitted as a fiscal proposal to council amending the current year budget. Once approved by the Council, such requests are submitted to the DLGF for final approval. The City's accounting system has built-in controls that ensure the aforementioned expenditure limitations defined in the annual budget ordinance remain in compliance.

FINANCIAL SUMMARIES

Funds

The Indiana State Board of Accounts (SBOA) defines ‘fund’ to mean “cash or a group of accounts set aside for the purpose of accounting for monies or other resources of general functions or specific activities . . . in accordance with the system of accounts prescribed by the State Board of Accounts or as required by statute” (Accounting and Uniform Compliance Guidelines Manual for Cities and Towns, State of Indiana, reissued 2006).

Funds that the SBOA prescribes for use by cities include but are not limited to

1. **General Funds** - the chief operating fund of the municipality. Tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. The general operating expenditures of the municipality are paid from the general fund.
2. **Special Revenue Funds** - used to account for the proceeds of specific revenue sources that are restricted to expenditures for specific purposes.
3. **Debt Services Funds** - used to account for the accumulation of resources for, and the payment of, long-term debt principal and interest.
4. **Capital Projects Funds** - used to account for financial resources to be used for the acquisition or construction of major capital facilities.
5. **Internal Service Funds** - used to account for the financing of goods or services provided by one fund, department, or agency to other funds, departments, or agencies of the financial reporting entity, or to other governments, on a cost-reimbursement basis.
6. **Trustee Funds** - used to account for assets held by a government in a purely custodial capacity.

Funds included in the budget represent those that require an appropriation by the City-County Council. Appropriation is the authorization of the Council by ordinance to make disbursements or to incur obligations for specific purposes.

City Fund Balance Policy

Fund balance is a measure of the financial resources available in a fund or grouping of funds. Strong fund balances protect the City’s creditworthiness as well as its financial position during emergencies or economic fluctuations.

In 2016, the City-County Council passed Ordinance 5, which adopted a fund balance policy requiring the City to maintain an unassigned general fund balance of at least 10% of total general fund expenditures and an unrestricted fund balance of 17% of total general fund expenditures. As defined by GFOA, unassigned funds are monies that have not been restricted by external parties, Council, or the City Controller.

Unassigned funds include City General, Fiscal Stability, and Rainy Day. Unrestricted funds, as defined by GFOA, have a broader definition that includes monies committed to other uses by Council, assigned to a use by the City Controller, and other unassigned funds. Unrestricted funds include all general funds except the transportation and stormwater general funds.

Should the budgeted fund balances drop below the minimum identified in the policy, the City is required to establish a plan to replenish the fund balances in the following year.

The substantial increase in fund balances in 2020 is mainly attributed to the reimbursement of eligible public safety salaries as outlined in the CARES Act. There were planned spend down in fund balances in 2021 and 2022 for investments in residential street and thoroughfare improvements and completion of the Community Justice Campus. Major investments planned in 2023 include a \$25 million fiscal ordinance for residential streets and \$2 million for alleyway rehabilitation.

Statement of Fund Balance

The following tables present projected ending fund balance and estimated revenues to be collected in the budget year for each Council appropriated fund. Although the City of Indianapolis and Marion County are consolidated units of government, the City and County are distinct taxing entities. City funds are used solely by City departments, and County funds are solely used by County departments.

Yeare-end 2024 fund balances for Solid Waste Disposal, IFD General, and County General are anticipated to change by more than 10%. The below table shows Solid Waste Disposal increasing 534% due to poorer fund balance results in prior years and IFD General increasing 12% due to growth in appropriations which warranted a corresponding increase in fund balance. Marion County Statement of Fund Balance shows County General decreasing 28% due to the 2023 fund balance projected to end \$15M higher than when the budget was adopted. While the County General fund balance is decreasing, it will remain consistent with historical fund balances.

REVENUES

Overview

State law requires adoption of a balanced budget, which includes all anticipated revenues and expenses of every organizational unit (except for utilities). As such, all appropriations adopted by the City-County Council must be fully supported by revenue that is legally eligible to support proposed expenses, and/or fund balance (prior year, unencumbered revenue) that is legally eligible to support the proposed expense.

The methodology used to estimate major revenue sources for the Consolidated City varies by type. For the largest source of revenue, property tax, the City contracts with local consulting firm, Policy Analytics LLC, to model property tax revenue. They use a technique that incorporates anticipated assessed values, deductions, exemptions, and abatements for each individual parcel within the Consolidated City and County. This model allows for the most accurate projection of the property tax cap impact and collections of budgeted levies.

The second largest source of revenue supporting the Consolidated City's budget is income tax. Pursuant to State statute, before August 2nd of each year, the State Budget Agency is to provide local units an estimate of the certified distribution for the following year, which is a guaranteed amount. This is the amount included in the introduced budget. By October 1st of each year the Budget Agency must formally certify each County's distribution. If the certified amount is different than the August 1st estimate the budget can be amended before adoption.

The following pages provide more detailed information about property tax rates, levies, and districts, the various types of income taxes and their tax rates, and the available uses of such funds.

The following revenue sources derive a significant portion of the remaining budget. These various taxes are administered by the State, primarily the Indiana Department of Revenue, and are distributed to the Consolidated City on specific schedules. The estimation methodology for the following revenue sources is a three-year moving average that adjusts for anomalies while also factoring any legislative changes to the tax rate and/or allocation formula.

Local Taxes Set by the State

- *Auto Excise*: Tax paid by owners of passenger cars, motorcycles, and trucks with a declared gross weight of 11,000 lbs. or less based on a defined rate schedule by vehicle type.
- *Financial Institutions*: Tax rate applied to the adjusted gross income of any business which is primarily engaged in the business of extending credit, engaged in leasing that is the economic equivalent of extending credit, or credit card operations.
- *Commercial Vehicle Excise*: Vehicle registration fee based on the plated weight of the vehicle paid by owners of Indiana- based trucks, tractors, trailers, semitrailers, and truck-tractors subject to registration with the Bureau of Motor Vehicles.

State Taxes Shared by the State

- *Gasoline*: Tax rate per gallon on all invoiced gallons of gasoline paid by the licensed distributor in the State who is first to receive the gasoline. The tax is added to the selling price.

- *Riverboat Wagering/Gaming*: Tax rate applied to the adjusted gross receipts, which are wagers minus winnings and uncollectible receivables, paid by a person or organization that holds an owner's license for riverboat gambling operations.
- *Cigarette*: Defined tax amount per pack of cigarettes paid by the distributor.
- *Alcohol Excise/Gallonage*: Tax rate imposed on gallons of beer, flavored malt beverage, liquor, wine, mixed beverages, liquid malt, and wort sold, typically paid by the wholesaler.

Local Taxes Set Locally

- *County Motor Vehicle Excise Surtax and Wheel*: surtax paid at the time of vehicle registration for adopting counties based on a rate for a particular class of vehicle, and for each weight classification within the class of vehicle.

Notes:

- 2019 includes a \$15.4 million supplemental income tax distribution.
- 2020 includes a \$24.7 million supplemental income tax distribution.
- 2021 includes a \$26 million supplemental income tax distribution.
- 2022 includes a \$23.1 million supplemental income tax distribution.
- 2023 Estimated includes a \$40 million supplemental income tax distribution.
- 2024 Adopted excludes \$26.3M in unbudgeted income tax.

Property Tax

Overview

Citizens of the Consolidated City are subject to several overlapping property tax districts, which levy taxes to be used both for City and County general purpose funds and specific services. Taxpayers residing in overlapping districts are subject to the tax rates of each applicable district.

Certified Levy (Gross Levy)

The certified levy is the specific dollar amount that a taxing unit may raise each year through property taxes. This levy is referred to as “certified” because it is approved by the State Department of Local Government Finance (DLGF). DLGF approval is required to ensure that the levy amount does not grow more than the annual growth factor set by the State, known as the Maximum Levy Growth Quotient (MLGQ). The MLGQ is calculated based on a moving six-year average of Indiana non-farm income, shown as a percentage.

Net Levy

The net levy is calculated by taking the certified levy less the property tax circuit breaker credits attributable to the property tax caps.

Gross Assessed Value

The gross assessed value of a property is its assessed value before applying any eligible property tax deductions or abatements, which lower the property’s taxable assessed value. The property tax caps are set based on each parcel’s gross assessed value.

Net Assessed Value (Taxable Assessed Value)

This is the taxable value of property after all eligible property tax deductions and abatements are applied.

Property Tax Cap (aka Circuit Breaker)

The property tax cap, also known as the “circuit breaker,” was enacted by the Indiana General Assembly in 2008 and subsequently amended into the Indiana Constitution. The cap guarantees that property owners do not pay more than a fixed percent of the property’s gross assessed value in taxes. The “circuit breaker” amount represents property tax liability waived because it is above the threshold allowed under the property tax caps. The property tax caps are as follows:

- 1% - Homestead property
- 2% - other residential property and agricultural land
- 3% - commercial and industrial property

Taxing Districts & Rates

The following pages show the Consolidated City and County's taxing districts along with the Net Assessed Values (NAV) of taxable property within those districts. The tax rate for a district is determined by the following formula:

$$\text{Tax Rate} = \frac{\frac{\text{Total Tax Levy}}{\text{Total Net Assessed Value}}}{100}$$

Current Trends

The strong real estate market in 2022 has led to substantial growth in property tax revenues in 2023. Overall, assessed values grew upwards of 20% for 2022-2023 pay, which was specifically concentrated in the residential real estate market. In Indiana, most of these sales have property taxes that are capped at 1% of their gross assessed value, due to the circuit breaker Constitutional amendment.

In 2024, assessed value growth is still strong, but has slowed down due to HB 1499 (2023), which aimed to reduce AV growth to residential parcels. This bill increased the supplemental deduction, which reduced the NAV and capped the maximum levy growth quotient (MLGQ), or the percentage increase that levy driven funds are allowed to grow, at 4%. While State legislation swayed the property tax revenue projected for 2024, the revenue growth remains strong.

Marion County Net Assessed Value by Cap Type

Note: Annual certified NAV and billable AV will vary due to the annual appeals withholding process, historically 6% in Marion County. Data Source: Marion County Billing Abstract.

Tax revenues are deposited into the Indianapolis Metropolitan Police Department (IMPD) General fund, which provides funding for IMPD operating expenses.

Indianapolis Fire Special Service District

- Net Assessed Value: \$41,706,501,292
- Tax Rate: \$0.2702 on each \$100 of net assessed value

This taxing district includes most of the central and eastern portions of the county with minimal western portions included. This configuration reflects the consolidation of all township fire departments with the Indianapolis Fire Department (IFD), except Pike, Wayne, and Decatur townships. The district also excludes the cities of Lawrence, Beech Grove, and Southport, and the towns of Cumberland and Homeroft. Tax revenues generated from this district are deposited into the IFD General and IFD Cumulative fund, which provide funding for IFD operating and capital expenses.

Indianapolis Solid Waste Special Service District

- Net Assessed Value: \$54,423,719,811
- Tax Rate: \$0.0760 on each \$100 of net assessed value

This district includes all taxable property within Marion County borders, excluding the cities of Lawrence and Beech Grove and the town of Speedway. Tax revenues from this district are deposited into the Solid Waste Collection fund, which provides funding for the Department of Public Works (DPW) to perform trash collection and solid waste removal services.

Income Tax

Overview

Indiana law allows counties to impose a local income tax on the State adjusted gross income of county taxpayers with five rate components, of which Marion County utilizes all but expenditure rate—economic development.

- Property Tax Relief Rates
- Expenditure Rate—Public Safety
- Expenditure Rate—Economic Development
- Expenditure Rate—Certified Shares
- Special Purpose Rates

LIT is collected by the State Department of Revenue and held in a trust account for each county imposing an income tax. The State Budget Agency, before October 1st of the current year, will certify a county distribution for the following year based on the amount of tax returns processed between July 1st of the previous year and June 30th of the current year. The certified distribution is a guaranteed amount that is sent to the County Treasurer at the beginning of each month in 1/12th increments.

Supplemental Distributions

In 2016, General Assembly Senate Bill 67 lowered the maximum amount held in a county's trust account to 15% of the current year's certified distribution. Previously, a county would receive a supplemental distribution when the balance reached 50% of the annual certified distribution.

County Income Tax Council (CITC)

Local income tax is imposed or modified in a county by the action of the CITC. In Marion County, the CITC is composed of the City-County Council and the fiscal body of each city or town that lies either partially or entirely within the county. Lawrence City Council, the Beech Grove City Council, the Southport City Council, and the Speedway Town Council are also members of the CITC.

Voting representation on the CITC is based on each member unit's share of the total county population. In Marion County, the City- County Council holds over 90% of the voting representation on the CITC.

Expenditure Rate (maximum rate of 2.75%)

- Certified Shares (COIT) - Current Rate: 1.0532%

COIT revenue may be used for any lawful purpose of the governmental unit.

- Levy Freeze Tax (LOIT) - Current Rate: 0.1774%

In 2008 and 2009, Marion County chose to enact an additional income tax rate designed to replace annual allowable property tax growth, which totaled \$58.4M across the County. Imposing the Levy Freeze tax reflects a policy choice to shift fiscal reliance from property tax to income tax, not an overall tax increase. SB67 discontinued the ability to freeze levy growth in future years.

However, once imposed, this rate may neither be rescinded nor decreased to an amount that would generate less than the frozen property tax levy growth.

- Public Safety Tax (PST) - Current Rate: 0.50%

PST revenues may be used for police and fire, including pensions, emergency services, communications systems, jails and related facilities, and other public safety items.

- Special Purpose Rate - Current Rate: 0.25%

Special purpose taxes may be imposed to generate revenue for debt service or operating revenue for specific projects as specified in Indiana Code and determined by the Indiana General Assembly. The Marion County rate was approved via referendum with an effective date of October 1, 2017 to fund IndyGo capital improvements and expansion of operations. Though not considered a component of the expenditure rate, per statute, it is factored into the maximum allowable expenditure rate.

Property Tax Relief Rate (Maximum Rate of 1.25%)

- Homestead Credit Relief Rate - Current Rate: 0.0394%

Money collected from this rate is used to apply a percentage credit to reduce the property tax liability of taxpayers within the county. This credit “becomes” property tax revenue by replacing portions of the property taxes that residential taxpayers pay.

Current Trends

Throughout the budget process, the Office of Finance and Management (OFM) works with the Indiana Department of Revenue to receive regular updates on processed tax returns and work with a local revenue consulting firm to forecast future processed collections based on economic trends. Marion County’s processed collections have proved to be cyclically unstable, which continue to trend positively, but the timeframe in which returns are processed impact the year in which Marion County receives those as certified distributions.

Processed tax returns had an anomalous increase in the second half of 2022, which led to a significant increase in certified distributions in 2023. Assuming the processed collections return to historical trends, OFM is projecting a \$12.7 million decrease in certified distribution in 2025. To maintain a conservative approach to revenue projections, OFM chose to leave \$26 million in income tax unbudgeted to allow for growth in the 2025 budget.

Alongside the budget is an ordinance to lower the levy freeze rate and correspondingly increase the certified shares rate equally. Due to the significant growth in income tax, failure to reduce the levy freeze rate would lead to a significant amount of funds being allocated to a “stabilization account”, which can only be utilized if revenues fall below prior year levels. Additionally, House Bill 1499 (2023) allowed for supplemental distributions to be considered in the rate reduction calculations. This allowed the City-County to take \$6.7 million supplemental received in 2023 and utilize that to further reduce the levy freeze rate.

- This fund was created in 2013 to comply with State Board of Accounts guidelines for all Indiana counties that receive COIT. Entire amount transferred to County General Fund.
- The supplemental income tax distribution in 2023 allocated \$1,161,946, which is combined with the certified for a total of \$12,660,181 in 2024.

EXPENDITURES

Overview

In addition to the restrictions imposed by agencies/departments regarding funding sources, agency spending is further restricted by limiting the total funds available to support various spending categories or 'characters.' The Consolidated City employs five separate characters to segregate spending. Each is described as follows:

Personal Services (Character 1)

This category includes expenditures for salaries, wages, and related employee benefits provided for all Consolidated City employees.

Employee benefits include employer contributions to group health and life insurance, pension benefits, unemployment compensation, uniform allowance, and similar benefits.

Materials and Supplies (Character 2)

This category includes articles and commodities that are consumed or materially altered when used. Supplies include office supplies, operating supplies, repair and maintenance supplies, and other similar items.

Other Services and Charges (Character 3)

This category includes expenditures for services other than personal services required by the Consolidated City either to carry out its assigned functions or to fulfill moral or legal obligations. Other character 3 expenses include professional services, communication and transportation, printing and advertising, insurance (excluding group health, life, and self-insurance), utility expenditures, contracted repairs and maintenance, rentals, and debt service expenditures for principal and interest payments including long-term debt.

Properties and Equipment (Character 4)

This category includes expenditures for the acquisition of assets such as land, infrastructure, buildings, improvements other than buildings, as well as machinery and equipment.

Internal Charges (Character 5)

This category includes internal charges such as expenditures for the Mayor's Action Center, the Office of Corporation Counsel, and Fleet Services.

If a department has a negative appropriation for Character 5, it means that department is a provider of internal services and a net recipient of internal charges.

This category exists for only City departments. Similar expenditures from county agencies are reported as Character 3. Since the Information Services Agency (ISA) is a County agency, their charges are not administered through Character 5, and both City departments and County agencies pay ISA charges through Character 3.

Debt Obligations

The Consolidated City issues two primary forms of debt: (1) general obligation debt, which is supported by a pledge of the full faith and credit of the Consolidated City and is usually funded by tax revenue, and (2) special revenue debt, which is supported by a pledge of a specific revenue stream.

General Obligation Debt

Most of the Consolidated City's general obligation debt is related to transportation, parks, and emergency communications infrastructure, and general capital needs to provide basic government services. Debt service payments for general obligation debt are typically funded entirely, or in part, with property tax revenue associated with a specific fund and levy certified by the DLGF.

Special Revenue Debt

Special revenue debt includes economic development bonds which are typically supported by a revenue stream generated by a specific investment, such as pledging parking fees to the debt service of a parking garage. Another example would be financing stormwater projects, undertaken by the city to address flood control problems, with stormwater fees pledged to pay the debt service.

Other special revenue debt utilizes Tax Increment Financing (TIF) districts throughout Marion County where the debt is supported through incremental property tax growth because of the investment. This financing tool is used to develop and grow various communities and neighborhoods but for the local government investment would have little growth potential. TIF funds, including debt service for TIF bonds, are not appropriated by the City-County Council. In Marion County, the Metropolitan Development Commission (MDC) serves as the fiscal body for all tax increment financing debt and other expenditures. As such, this debt is not included in the report below.

Bond ratings

The City's general obligation bonds are rated AA+ by Standard and Poor's, AAA by Fitch, AAA by Moody's and AAA by Kroll. The City's other debt, principally revenue bonds and notes, are rated to reflect the creditworthiness of the supporting revenue.

Debt Limitations

Pursuant to Indiana Code, direct debt for the City may not exceed a percentage of the net assessed value (NAV) within the respective taxing district boundaries for which the debt is associated. The table below shows the debt limits by district. Projects greater than five million dollars must go through a petition remonstrance process. For 2024, projects greater than \$19,051,396 are required to be approved by a voter's referendum. The referendum threshold is annually increased by the maximum levy growth quotient (MLGQ).

Pension Trust Funds

Police and Fire Pension Trust Funds account for the payment of pension benefits to police officers and firefighters hired prior to 1977. All associated expenditures made from these funds are reimbursed by the State. Annual budgets for these funds are appropriated to IMPD and IFD.

The most recent pension plan, the 1977 Police and Firefighters Pension and Disability Fund pension plan, is administered by the Indiana Public Retirement System (INPRS), which is appropriated and expensed as character one appropriations from the IMPD and IFD general funds for the respective departments.

More information on Public Employee Retirement Fund and Police and Fire pension plans can be found on pages 77-89 of the Notes to Financial Statements section of the December 31, [2022 Annual Comprehensive Financial Report](#) (ACFR) for the City of Indianapolis.

Capital Expenditures

Capital expenditures, funds used to maintain, upgrade, and acquire City/County assets, are part of the annual budget. These assets, or capital assets, are defined as assets with cost or donated value beyond prescribed levels and have a useful life greater than two years. The City considers land, construction in progress, improvements, buildings, equipment, and infrastructure (e.g., streets, bridges, storm drains, and similar items) capital assets. Capital assets are defined in the table below. A capital asset meeting the criteria will be depreciated in the government-wide financial statements, and assets that are not capitalized are expensed in the year of acquisition.

The City has a rolling, four-year capital improvement plan to address key transportation, stormwater, and parks infrastructure needs. As outlined in Chapter 182 of Municipal Code, the capital improvement plan must be annually reviewed by Council, which traditionally happens in conjunction with the annual budget process. The director of the Department of Public Works coordinates quarterly updates to Council on the progress and revisions to the capital plan.

The Department of Public Works develops the [four-year capital improvement plan for transportation and stormwater](#). Transportation projects are identified and prioritized using pavement condition information, traffic volume, historical crash data and Mayor's Action Center complaints. Bridge projects are programmed based on need, using data from the bridge inspection and inventory program in accordance with National Bridge Inspection Standards. Stormwater projects are developed through known, and resident identified complaints throughout the system. Stormwater complaints are inspected and projects that are larger than general operations and maintenance are ranked based on impacts to public safety and other infrastructure needs. Both the transportation and stormwater projects are programmed based on projected revenue and funding availability for different periods.

The Parks Department develops and maintains the capital program for all Indy Parks. Their capital program is developed based on the maintenance needs, requests received from internal and external customers on facility asset improvements, funds needed to match grants and partnerships, and identified needs from the [Comprehensive Plan](#) and [Parks Master Plans](#).

For budgeting purposes, the City aims to only include reoccurring capital expenditures to keep budgets relatively stable. Capital leases or bond funding are used, when possible, to spread out capital expenditures over time. For one-time capital purchases, the City often goes to Council for a one-time fiscal appropriation from fund balance or because of additional revenue, but these are not generally included in the adopted budget. Capital expenditures required for the day-to-day office functions, such as furniture and specialty equipment, is budgeted within the operational budget typically out of general funds, grant funds, or the City Cumulative Capital Improvement fund.

The expenditures of the Transportation Capital Plan are funded by a diverse set of revenue sources. One of the main sources of funding is attributed to gasoline tax, which accounts for 10.6% of the plan's funding for 2024. Additional details on the mechanics of the gasoline tax can be found in the [Revenues Overview](#) section. Local funding sources accounted for 39.2% of the funding in 2024. The largest local funding source has been through additional appropriations that allocated fund balance to residential and thoroughfare projects. Additional local funding comes from bond funding, supplemental income tax distributions, and parking meter revenues. External funding sources are the largest portion of the capital plan at 50.2%. External sources of funding include projects spurred from economic development agreements executed through the Department of Metropolitan Development, tax increment financing, funds received from other local partners, such as IndyGo, Indianapolis' public transit organization, and local, state, and federal grants.

Like the transportation capital plan, the expenditures of the Stormwater Capital Plan are funded using a mix of funding sources. Local funding sources account for majority of funding for the Stormwater Capital Plan at 97.1% of funding. The 2024 capital plan utilizes funds from the following sources: American Rescue Plan Act (ARPA), bond issuances and lines of credit, and stormwater fee revenue, which is charged to property owners based on their impervious surface. One unique funding source for this capital plan are Flood Control Improvement Districts (FCID), which function similarly to TIFs in that a portion of property tax revenues are directed toward flood control measures from which they benefit.

Unlike the other capital plans, the Parks Capital Plan has few revenue sources. On an annual basis, it is funded from a dedicated capital projects property tax levy. Additionally, it has been supplemented by continued appropriations for American Rescue Plan Act (ARPA) funding dedicated to playground equipment upgrades, outside partnerships, and a historic investment in 2022 by the Lilly Endowment, Inc. totaling \$74.1 M for recreational infrastructure improvements.

AGENCY BUDGET SUMMARIES

Overview

The Agency Budget Summaries section provides an operational overview of each county agency and city department, details the funding sources of each agency/department, and outlines how those agencies/departments intend to spend those funds by expenditure category or “character.”

Sources

The “Source” listed for each agency/department budget represents either a single or a collection of funding sources available to an agency/department. See the [Funds](#) section for further explanation.

Expenditures

Agencies and departments are restricted in how they can use the funds available to them. The Consolidated City employs five separate expenditure “Characters” to categorize these uses. See the [Expenditures](#) section for explanation of these characters.

Final vs. Revised vs. Introduced vs. Adopted

For comparison, each Sources and Expenditures Report shows historical budget data. Below are explanations of the columns, from left to right:

Actual is the final expenditures and encumbrances for each department and agency for the fiscal year.

Adopted is the budget for each agency/department as adopted by the City-County Council in October of the preceding fiscal year.

Revised is the budget as amended through fiscal ordinances approved by the City-County Council during the fiscal year.

Adopted is the budget for each agency/department as determined by agency/department finance officers and the Office of Finance and Management. This is the budget introduced by the Mayor to the City-County Council for amendment and eventual adoption.

Public Safety

Indianapolis Metropolitan Police Department

The Indianapolis Metropolitan Police Department (IMPD) is striving to become the premier law enforcement agency in the United States, attracting the most professional and compassionate officers and civilian professional staff employees. Our vision is a law enforcement agency that works closely with the citizens of Indianapolis to produce a safe environment and a higher quality of life for all those living in and visiting our city. IMPD is responsible for the Consolidated City of Indianapolis and Marion County, less the 4 excluded cities of Lawrence, Beech Grove, Speedway, and Southport, and covers approximately 403 square miles. IMPD was created by Section 279 of the revised municipal code.

Structure

The department has four divisions, each lead by a Deputy Chief, as follows:

Operations Division

This division is responsible for the daily police operations of the City and many specialized units, including Arson, Aviation, Canine, Domestic Preparedness, Event Response Group, Explosive Ordinance Disposal, Mounted Patrol, Negotiators, Park Rangers, Reserves, Special Events, SWAT, and Traffic Enforcement.

Investigations Division

This division conducts major criminal investigations including homicide, aggravated assaults, robbery, sex crimes, child abuse, intimate partner violence, narcotics, drug trafficking organizations, and nuisance abatement crimes. The division investigates, evaluates evidence, identifies the perpetrators, prepares cases for successful prosecution, and provides support services for victims of various crimes. The division uses analytical products to guide enforcement and/or intervention efforts. The division also provides liaison units with the US Marshal, FBI, DEA, ATF, Prosecutor's Office and the United States Attorney's Office.

Administration Division

This division is responsible for human resources, finance, procurement, information technology, fleet, records, and the property room.

Training, Policy, and Oversight Division

As the name implies, this division is responsible for departmental training/record keeping, updating and creating departmental policies, managing internal investigations (IA), and ensuring any discipline issued follows departmental rules and maintains fairness. The division is responsible for all citizen-led review boards and their required training. The division maintains accreditation with the Commission on Accreditation for Law Enforcement Agencies (CALEA) and oversees the body worn camera program.

Marion County Community Corrections

Marion County Community Corrections is committed to redefining success in the communities we serve. Our mission is to improve the lives of people in our community.

Structure

Marion County Community Corrections (MCCC) serves approximately 3,400 clients divided into two, distinct populations: (1) those awaiting trial and (2) those serving an executed sentence. Rather than awaiting trial or serving a sentence in jail or prison, a court may place a defendant with MCCC for Pre-Trial Monitoring, or for sentencing via Electronic Monitoring/Home Detention, Condition of Probation or Work Release.

Electronic Monitoring/Home Detention

Clients who are placed on Electronic Monitoring, are required to wear secured Global Positioning Satellite (GPS) technology to allow for continuous physical monitoring. This technology allows clients to be placed on Home Detention, where they: (1) are not permitted to leave the home except for medical emergency, attendance in court ordered treatment/completion of court ordered conditions OR (2) are permitted to continue working (or searching for employment) and/or attend religious services; OR (3) are placed on GPS monitoring only with no other restriction. In addition to GPS technology, the Court may place a client with MCCC on alcohol monitoring.

To determine the appropriate level of supervision, MCCC must determine each client's risk level, or likelihood to reoffend. For this task, MCCC conducts the Indiana Risk Assessment System (IRAS). Based on overall risk score and identified criminogenic needs, clients may be placed into appropriate Evidence Based Programs such as resume and career planning; substance abuse treatment, conflict resolution; parenting, life skills, Thinking For A Change, or Moral Reconation Therapy

Work Release

MCCC utilizes one facility for male residents assigned to work release. In October 2007, MCCC opened Duvall Residential Center (DRC). With a capacity of 350 beds, DRC provides housing and services for male work release residents. Because DRC is a work release center, employment or seeking employment is a requirement. If a resident is not employed, MCCC works with the resident to find employment and/or assist with work crews. All DRC residents are also eligible for the same programming opportunities as those placed on Electronic Monitoring.

Office of Audit and Performance

A division of the Mayor's Office, the Office of Audit and Performance (OAP) was established to audit and enhance the performance of City and County government operations. The office is comprised of two functional areas, Audit and Performance, which operate under a common mission: to help improve the efficiency and effectiveness of local government.

Structure

Financial and Performance Audits

OAP's Audit Team is authorized to audit all City and County departments and agencies, municipal corporations whose budgets are subject to City-County Council approval, the Indianapolis Bond Bank, and Building Authority. The Audit Team conducts audits in accordance with generally accepted government auditing standards (GAGAS), and audit engagements are determined based on an annual risk assessment plan, management requests, and/or as deemed necessary by the Director. Audit engagements may be conducted by in-house staff, outsourced, or co-sourced to external vendors. OAP also administers the annual external audit of the City and County.

Quality and Performance Assurance

OAP's Performance Team is authorized to conduct reviews and establish performance metrics as well as recommend the elimination, consolidation, or reduction of any entity or program due to ineffectiveness, duplication, or other reasons. The Performance team administers Indy Performs, an enterprise-wide program that seeks to improve the City-County's use of data to monitor and track performance and enable data-driven decisions. The program includes training on data literacy and Microsoft Power BI, as well as ongoing support in data analysis and visualization to participating agencies. This support may also include guidance in process improvement methods to improve the customer experience, strengthen teams, reduce waste, increase efficiencies, and promote continuous improvement.

Office of Equity, Belonging and Inclusion

The Office Equity Belonging and Inclusion (OEBI) works to establish equity, belonging and inclusion as key pillars of the work of the city-county enterprise. We do this by coordinating trainings, analyzing, and reporting equity data, supporting employee development and leading community-facing equity initiatives.

City-County Council

The City-County Council is the legislative and fiscal body of the Consolidated City of Indianapolis and Marion County. Beginning in 2016, the Council was restructured to 25 council members, who represent the 25 distinct geographic districts across the County. As the legislative body, the Council passes laws that set local public policy for Indianapolis-Marion County. The Council responds to requests from constituents' questions and concerns about local issues. As the fiscal body, the Council has responsibility for adopting the budgets, levies, and tax rates of local government departments, agencies, and certain municipal corporations. The City-County Council conducts between eighteen and twenty-one public Council meetings and more than two hundred Council Committee meetings each year. During a typical year, approximately eight hundred proposals are enacted.

In 2020, the Council implemented Budgeting for Equity, which is a process through which racial equity is incorporated into budget planning for every City and County department. It is a tool that has created a formal and structural way of not only identifying how departments are integrating equity in their budgets and initiatives but help identify where the gaps are. Addressing these gaps and the historical inequities is key to the health and safety of our entire City. Whether it is access to transportation, affordable housing, food insecurity, mental health, or educational and economic opportunity. The strength and well-being of our City's communities is linked to our investments in key services and programs. By investing in our City, with a focus on equity, we can ensure all of our neighborhoods remain resilient and can thrive.

In 2024, the Council will continue its focus on fiscal and policy decisions that strengthen and benefit our communities. In addition, the Council will continue working to improve effectiveness, efficiency, and transparency in local government by welcoming and encouraging citizen input, research, and debate of the issues affecting our community. Finally, the Council will continue its tradition of community support and local leadership through the recognition and honoring of distinguished groups and citizens.

Together, we can all provide meaningful and impactful support to Hoosiers living in Marion County.

Marion County Surveyor

Marion County Surveyor's Office was established by the Indiana Constitution in 1851. General Land Office surveys in what is now Marion County began in 1819. Marion County is part of the rectangular survey system (Public Land System), which divides the land into sections that are one square mile. All real estate boundaries in Marion County can be traced back to the Public Land System. Statute law requires the Surveyor to recheck at least five percent of the section corners each year, and there are over 2,400 current ties. The Marion County Surveyor's Office maintains a Legal Survey Record Book and a Corner Record Book. No fee is charged for surveying services provided to any city, county, or other governmental agency.

Structure

The Marion County Surveyor's Office has three areas of focus, each with their own operational goals and activities while being unified by a common vision.

Surveying

In the field, staff performs the precise measurements of Section Corners and ties per Indiana Code and replace said monuments as necessary. We monitor the Eagle Creek Dam for horizontal and vertical movement, as well as performing surveying for DPW and BNS.

Information Technology

Data collected in the field by use of AutoCAD GIS software, along with the corner history, is posted onto the Surveyor's website to help provide accurate, reliable information. The advancements in technology have enabled us to fulfill our state Constitution along with the responsibility and legal obligation for the Alcohol & Tobacco Commission's Verification of Business Location forms.

Preservation

Preservation is as vital a part of the Surveyor's Office as surveying and technology. We believe in the importance of preserving our past for the future generations. Understanding the necessity of creating legible electronic copies of the field notes, records, maps, surveys and plats housed in the Surveyor's Office, we work to ensure that they will be easily accessible for years to come.

APPENDIX

History of Indianapolis and Marion County

Marion County was incorporated in 1822 and the City of Indianapolis was originally incorporated in 1832. It is the largest city in the State of Indiana and the 16th largest city in the nation with a population of 887,642 and a metropolitan area population of approximately 2.1 million people. The City encompasses a land area of 402 square miles. The City, located at the geographic center of the State, is the State capital and serves as the physical, economic, and cultural capital. Indianapolis has a stable and diversified economy with employment rates and income levels consistently above the national averages.

On January 1, 1970, the government of the City and that of Marion County were unified and their form of service delivery consolidated, thereby extending the City's boundaries to generally coincide with those of the County. Four municipalities (Beech Grove, Lawrence, Speedway, and Southport) located within the County boundaries were specifically excluded from most functions of the consolidated City by the consolidating act. The consolidated government provides for a Mayor and a 25-member legislative council. The City-County Council consists of 25 councilors elected from single-member districts.

Indianapolis has a growing and diversified economy with employment and per capita income rates that historically have outperformed both state and national averages. The Indianapolis Chamber of Commerce reported 64 successful relocation and expansion projects in 2022, leading to 3,982 new jobs with an average wage of \$37.81 an hour and 4,542 retained jobs at an average of \$38.67 per hour with over \$1.1 billion in capital investment.¹ Three of Indiana's Fortune 500 companies are located in Indianapolis and the City is home to many of the State's largest public companies, including: Elevance Health (Anthem Inc.), Eli Lilly and Co., Simon Property Group Inc., Calumet Specialty Products Partners LP, Allison Transmission Holdings Inc., and Duke Realty Corp. The City is also a logistics center that features the world's second-largest FedEx Corp hub, United Parcel Service Inc., Schneider National Inc., and others.²

The City is home to 25 institutions of higher learning with over 141,000 students enrolled in the 2021-2022 academic year.³ Seventeen colleges within Marion County offer Associate's Degrees and 22 Universities offer Bachelor's Degrees or higher, supporting the high educational attainment rate of 32.8% for Indianapolis' residents with bachelor's degree or higher.⁴ These include Indiana University-Purdue University Indianapolis (IUPUI), Butler University, University of Indianapolis, Marian University, Ivy Tech Community College and others.⁵ The Indianapolis area is served by 246 K-12 schools and 11 public school districts, with a population of 159,000 students distributed among all public and private schools.

Indianapolis' Healthcare sector has expanded in the past decade and continues to grow. Eskenazi Hospital, Indiana's largest public hospital, was completed in December 2013. The \$750 million state-of-the-art facility houses Level I Trauma and Burn Units, psychiatric, long-term, outpatient, and other care centers. Indiana University Health ("IU Health") continues to expand in the City; previously, IU Health announced a \$1.6 billion expansion and in 2022 increased the expansion with an additional investment of \$1.08 billion citing increased patient demand. In 2023, IU Health announced an updated price tag of the expansion totaling \$4.3 billion. The three patient towers will now be 16-story towers up from the previously planned 12-story towers and patient rooms will be increased by 29% to 864 rooms from 672 rooms, for a total space of over 2 million square feet.⁶ The project also includes a new five-story office building and parking garage. The complex will consolidate the IU Health Methodist and IU Health University Hospitals into a 44-acre, integrated "green" campus and construction is underway.⁷ IU School of Medicine broke ground in 2022 on a new \$230 million medical education and research center.⁸ Riley Hospital completed a \$142 million expansion of a new maternity and newborn health center in 2021, serving as the largest NICU in Indiana and among the largest in the country.⁹

Indianapolis continues to be a major sports and convention destination. Indianapolis Motor Speedway is home to the Indy 500 race, Lucas Oil Stadium is home to the Indianapolis Colts, hosting Super Bowl XLVI and multiple NCAA Men's Final Four tournaments and Big Ten Football Championships. Indianapolis annually hosts the Big Ten Football championship game and has won the bid for several large events including: the 2021 NBA All-Star Weekend; the Women's Big Ten Basketball Tournament; the NCAA Men's 2021 Final Four; and the NCAA College 2022 Football National Championship. Due to the COVID-19 Pandemic, the City hosted the 2021 Big Ten Men and Women's Basketball Tournament, the entire 64-game NCAA Men's Basketball Tournament and will host the 2024 NBA All-Star Weekend that was originally scheduled to be hosted in Indianapolis in 2021. After a hiatus due to the pandemic, the NFL Combine returned to Indianapolis in 2022 and will stay through 2024. Indianapolis hosted the NBA2K League in 2022, the first year the League operated outside of New York City. The 2024 USA Swimming Olympic Team Trial will be at Lucas Oil Stadium. Additionally, Indianapolis will host the NCAA Basketball Final Four Men's in 2026 and 2029 and the NCAA Basketball Final Four Women's in 2028. Gainbridge Fieldhouse is home to the Indiana Pacers and the Indiana Fever, which is currently undergoing a \$360 million renovation and expansion project with interior renovation completed in 2022 and outdoor expansion expected to be completed by summer 2023. Victory Field is home to the Indianapolis Indians, Pittsburgh's Triple-A affiliate. All three major sports facilities are within walking distance or connected by the skywalk system to the Indiana Convention Center.

Financial Policies and Practices

Fund Balance

City-County General Ordinance No. 5, 2016 – Proposal No 204, 2016

The City of Indianapolis will maintain the fund balance of the general fund's sub-funds at levels sufficient to protect the City's creditworthiness as well as its financial position during emergencies or economic fluctuations.

- **Minimum Unassigned Fund Balance.** The City will maintain the General fund unassigned fund balance at a minimum level equivalent to 10% of recurring, budgeted operating expenditures.
- **Minimum Unrestricted Fund Balance.** The City will maintain the General fund unrestricted fund balance at a minimum level equivalent to 17% of recurring, budgeted operating expenditures.

Should the budgeted fund balance drop below the minimum, identified by the policy below, the City will establish a plan to replenish the balance the following year. Fund balance is calculated on an as-budgeted basis and therefore excludes non-cash operating expenses in determining balance minimums or targets.

Investment

City-County General Ordinance No. 71, 2018 – Proposal No. 387, 2018

It is the policy of the City to invest public funds in a manner that will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the City and conforming to all state/local statutes governing the investment of public funds in accordance with Title 5, Article 13 of the Indiana Code. The primary objectives, in priority order, of the City's investment activities shall be:

- **Safety:** Safety of principal is the foremost objective of the investment program. Investments of the City shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. To attain this objective, diversification is required in order that potential losses on individual securities do not exceed the income generated from the remainder of the portfolio.
- **Liquidity:** The City's investment portfolio will remain sufficiently liquid to enable the City to meet all operating requirements that might be reasonably anticipated.
- **Return on Investments:** The City's investment portfolio shall be designed with the objective of attaining a rate of return throughout budgetary and economic cycles, commensurate with the City's investment risk constraints and the cash flow characteristics of the portfolio.

Measurement Focus, Basis of Accounting and Budgeting, and Financial Statement Reporting

The City of Indianapolis' government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of

related cash flows. Property taxes are recognized in the period in which the tax levy and rates are certified, which is the period for which the taxes are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this basis of accounting, revenues are recognized as they become susceptible to accrual; generally as soon as they are both measurable and available. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers property taxes to be available if they are collected and distributed within 60 days of the end of the current fiscal period. For all other revenue items, including taxes other than property taxes, the City considers revenue to be available if they are collected within 90 days of the end of the current fiscal period. Significant revenues susceptible to accrual include property and other taxes, grants, and interest on investments. Bonds and notes issued are recorded as other financing sources, along with any related premium or discounts.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Exceptions to this general rule include:

- Debt service fund bond principal and interest expenditures due through January 15 are recorded on the preceding December 31. Expenditures related to compensated absences and claims, and judgments are recorded only when payment is due (i.e., matured).
- Prepaid expenditures are not recorded as an asset in the fund financial statements.

The annual budget, and all funds therein, is prepared on a budgetary basis. The audited financial statements include all budgeted funds and self-insurance funds, which are non-appropriated by the legislative body.

Balance Budget

The City defines a balanced budget as a budget in which council adopted expense appropriations that do not exceed the estimated revenue of the City/County in the budget period. The Indiana Department of Local Government finance certifies a unit's budget if estimated annual revenue and available cash balances are greater than council adopted expense appropriations.

Debt Limitations

The City adheres to the [debt management policy](#) of the Indianapolis Local Public Improvement Bond Bank, the debt issuance and management arm of the Consolidated City of Indianapolis and Marion County. The policy sets standards for compliant, cost-efficient, and secure debt management that promotes intentional, coordinated capital growth among the City's qualified entities. In addition to the policy covering the management and issuance of all Bond Bank bonds, notes, and other obligations, it also outlines appropriate uses of debt, specific guidelines for debt, and the governance and investment of proceeds resulting from the issuance of obligations.

Allotment of Appropriation per IC 36-3-6-10

If, during the budget year, the Controller anticipates revenues inadequate to support the appropriation adopted by the county fiscal body, the Controller has the authority to impose budget allotment schedules upon an office, department, or agency to reflect anticipated revenues and maintain adequate reserves for the City and County.

Internal Controls

The City's management team is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the government are protected from loss, theft or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that:

- the cost of a control should not exceed the benefits likely to be derived
- the valuation of costs and benefits requires estimates and judgments by management
